The Board of Directors of Bloom School District has reached no compromise on the matter of the election of a Principal, and the schools were not opened on Monday morning. A. W. Fry, janitor of the Third street school house, was directed by Messrs. Kramer, Rabb, Rosenstock and Brown to have the building in readiness for school on Monday morning, but on Saturday night Isaiah Hagenbuch, President of the board, went to the janitors of both buildings and demanded the keys, Charley Soo, a Mongolian, was married to Mrs. Mary Hanold, at the laundry of Sing Kee, last Tuesday afternoon. The ceremony was performed by Rose and thus prevented the schools from opening. At one of the meetings of the board a proposition was made by Messrs. Kramer, Rabb and Rosenstock to compromise the matter by employing Mrs. ly an offer was made to accept it, and then it was rejected by the other side.

IN BRIEF, AND TO THE POINT .- Dyspepsis

is dreadful. Disordered liver is misery. Indigestion is a fee to good nature.

The human digestive apparatus is one of the most complicated and wonderful things to existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Economy and strength are peculiar to Hoood's Sarsaparilla, the only medicine of winch "100 doses one dollar" is true.

Just the thing for picnics and private parties, neat clean and cheap; avoids the annovance of The crown of Queen Victoria consists of diamonds, pearls, rubies, sapphires and emeralds, set in silver and gold. Its gross paper plates are largely used for broken and lost dishes and nappaper plates are largely used for pie baking, and overcome the objection some people have to pies because the under crust is soggy; the greatest degree of heat will not scorch them and by greasing them a pie may be baked on them better than on tin or earthen ware: the under crust will be found perfectly hard and crisp similar to the top. Napkins are soft and pliable as linen and will not fade unless
